Electronic Monitoring Consultancy

Knowledge and implementation partner for EM

The context of data protection

Michiel van der Veen, April 2016, Riga

Issues

- Proportionality, subsidiarity, managing public expectations, data protection, lack of knowledge of EM, conceptual confusion, legal infrastructure

- The EM practice is technology driven - instead of aimed at the goals that have to be achieved

How do you manufacture a judicial intervention with EM?

Goal orientated approach

Electronic monitoring

consistent & simple

1. **Concept**
2. **Processes**
3. **Adequate response**

- ❑ Speed
- ❑ Certainty
- ❑ Stringency
- ❑ Judiciality

Model Goal Orientated Approach concept

1

EM substitution for prison

EM focused on limiting freedom

↓

NO risk assessment

↓

EM application:

- inclusion zone

2

EM person-centered approach

EM aimed at "What should an offender do or not do "

↓

risk assessment

↓

EM applications:

1. inclusion zone
2. exclusion zone (hybrid or retrospective)
3. monitoring on location: job, education, threatment

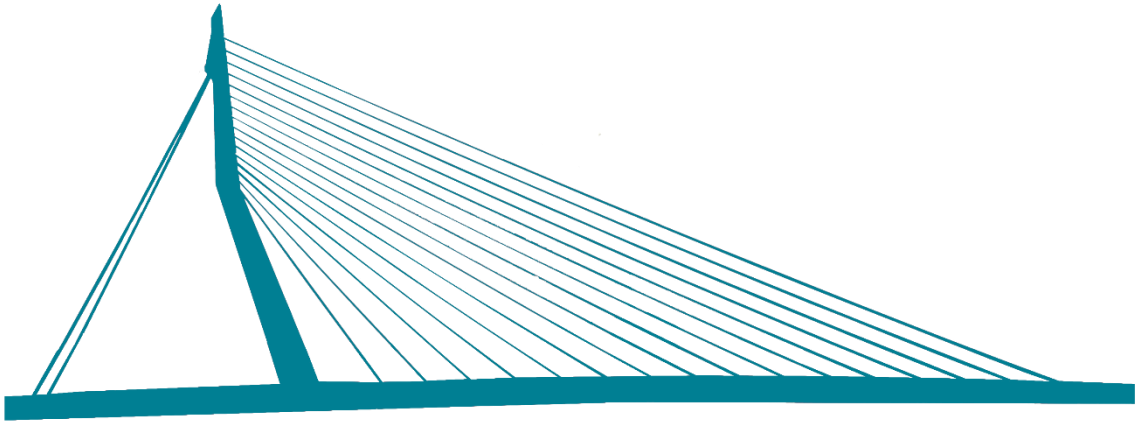
Model Goal Orientated Approach processes



Electronic Monitoring Consultancy
Knowledge and implementation partner for EM

Model Goal Orientated Approach adequate response

- How do you make sure that the ‘process design’ on A and B fits the quality requirements of an effective criminal intervention with Electronic Monitoring?

  - ❑ Speed
  - ❑ Certainty
  - ❑ Stringency
  - ❑ Judiciality

- Are the quality requirements sufficiently guaranteed to maintain the confidence of the public in Electronic Monitoring?
